CERTIFICATE OF LISTING

IAPMO Research and Testing, Inc. is a product certification body which tests and inspects samples taken from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and warehouses as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO Research and Testing, Inc. of the product acceptance by Authorities Having Jurisdiction.

-Rev. 10/21/2009-

Void After: August 2010

Product:

Plumbing Fixtures (Enameled Cast Iron)

File No. 4652

IDENTIFICATION:

Each fixture shall be marked with the manufacturer's name or trademark and the date of manufacture. This mark shall be legible, readily identified, and be applied so as to be permanent. The marking shall be located so as to be visible after the fixture is installed. The package or product shall be marked "ASME A112.19.1-2008/CSA B45.2-2008". "Special Purpose fixtures that do not comply with certain dimensional requirements shall be marked with an "N" to indicate the non-standard nature of the fixture". The product shall also bear the cUPC® certification mark.

Chairman, Product Certification Committee

Senior Director of R&T

This listing is for the period indicated herein and is void after the date shown above. Any change in material, manufacturing process, marking or design without having first obtained the approval of the Product Certification Committee, or any evidence of non-compliance with applicable codes and standards or of inferior workmanship, may be deemed sufficient cause for revocation of this listing. Reproduction of or reference to this form for advertising purposes may be made only by specific written permission of IAPMO Research and Testing, Inc. Any alteration of this certificate could be grounds for revocation of the listing.

-Rev. 10/21/2009-

Void After: August 2010

Product: Plumbing Fixtures (Enameled Cast Iron) File No. 4652

CHARACTERISTICS: Enameled cast iron plumbing fixtures may include bathtubs, lavatories, sinks and or laundry trays. To be installed in accordance with the manufacturer's instructions and the requirements of the latest edition of the Uniform Plumbing Code.

Bathtubs without factory applied nailing flanges are listed as drop-in units only, and are not to be installed against the wall. Bathtubs intended for installation against a wall shall incorporate an integral, factory applied or field applied nailing flange in accordance with ASME A112.19.1M-94 (2004).

Whirlpool piping is not included in this listing. Piping, if installed on bathtubs, must carry a separate IAPMO listing.

Products comply with the applicable sections of the latest edition of the Uniform Plumbing Code® and the International Plumbing Code®. Models listed to the National Plumbing Code of Canada and Relevant Canadian Standard(s) shall bear the cUPC mark of conformity. Manufactured in compliance with ASME A112.19.1-2008/CSA B45.2-2008.

Products listed on this certificate have been tested by an IAPMO R&T recognized laboratory. This recognition has been granted based upon the laboratory's compliance to the applicable requirements of ISO/IEC 17025.
