CARE AND MAINTENANCE

* Dust the vanity regularly with soft,non-lint producing cloth or household dusting products.
* You can clean the vanity with a gentle,non-abrasive household cleaner.
* Make sure to dry the wood immediately with a soft cloth/towel.
* The ceramic sink can be cleaned using standard ceramic cleaning agents available at your local supplier.
* Small scratches and some damage happend duiring the use's period Ask your contractor for a bottle touch-up panting,
you can fix it by youself.

IMPORTANT

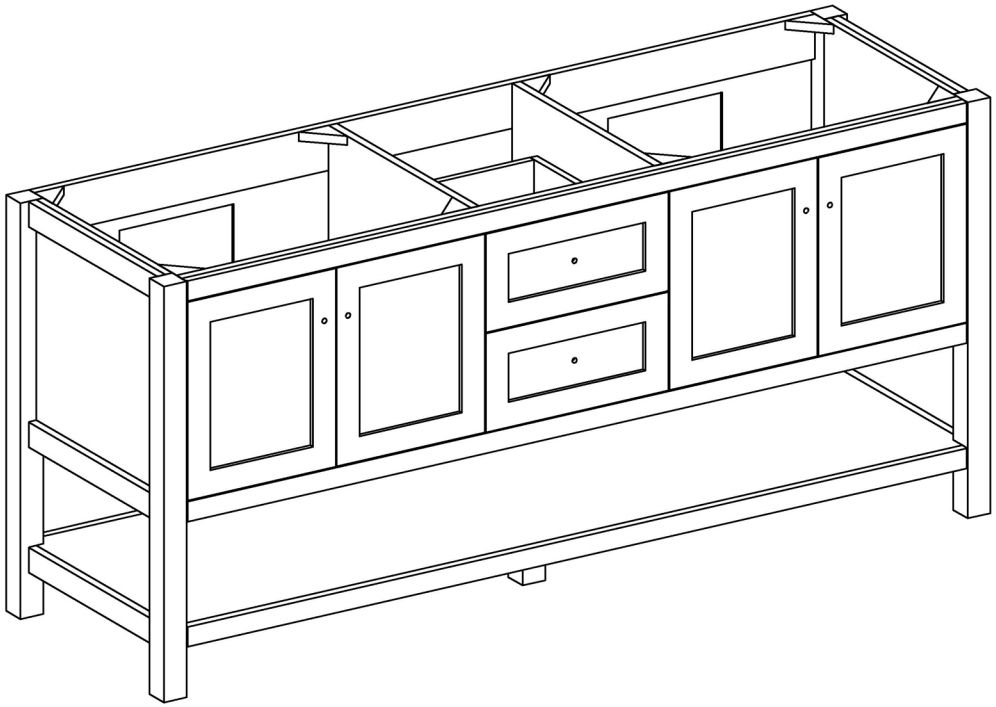
* Shade variations and patterns are an inherent characteristic of stone (e.g. granite,marble,engineered stone).Stone tops will vary from product to product.Use caution placing items such as soap or any fragranced material on the stone surface.Use a soap dish,coaster or similar item to protect the surface if placing any soap or fragranced products on the stone.

*If soap or fragranced products come in contact with stone top,rinse the surface with water and dry using a soft non-abrasive cloth.

*WARNING:Must use cleaning agents safe for stone.Check your cleaning agents use restrictions before using on any stone.Damage to the stone may result.Vanity manufacturer not responsible for damage caused by improper cleaning agent or soap used.Warranty will not cover damage caused by improper soap or cleaning agents.

*DO NOT use products to clean the stone top that contain acetone, lemon,vinegar or other acids as these may cause damage to the stone surface

*Periodically reseal the stone top using a appropriate stone sealer available from your local store.Follow the manufacturer's directions on How to apply.



MODEL NO.:RMFED-12-72
