INSTALLING A FIRE CLAY SINK

HELPFUL WAY IN INSTALLING A FIRECLAY SINK

**STEP ONE: CHOOSE A ROUGH LAYOUT FOR YOUR SINK AND FIXTURES. TAKE CAREFUL MEASUREMENTS.**
STEP TWO: USE A CUTTING TOOL LIKE A SCROLL SAW TO CUT THE HOLE FOR THE SINK.

STEP THREE: AFTER CUTTING THE OPENING YOU MAY INSTALL THE UNDERMOUNT SUPPORT BARS THAT CAN BE ORDERED WITH YOUR SINK.
**STEP FOUR:** Once the support bars are set up and screwed in, set the sink and place the countertop in place. Check to make sure sink looks leveled.

**STEP FIVE:** Set a bead of caulk to the sink rim and set the counter.
